## DISCLOSURES

**The Quarterly Administration fee** is billed quarterly in arrears, per account, based on Total Account Value (TAV).

After account establishment, charges associated with transactions, account maintenance and "other charges" will be invoiced at the end of each quarter, and fees are immediately collected, from the prepaid fee balance, debit/credit card or bank information on file. If there is not a specified payment plan, Pacific Premier Trust will collect the fees due from the available cash in the custodial account.

**The Late Payment** is billed in any quarter in which any service charges are outstanding after forty-five (45) days following the end of the previous calendar quarter.

If service charges are not paid within 45 days, a \$35 Late Payment charge will be assessed and billed quarterly to the account.

Fees for non-recourse loans will be assessed on the asset only. The loan will not be included for the purpose of determining fees.

The Account Owner is responsible for reporting any inaccuracy of all assessed account service charges and must report any inaccuracies within 45 days of the fee statement date.

Pacific Premier Trust may charge a custodial cash fee that will be deducted from interest earned on cash balances prior to the crediting of such interest to the account owner's custodial account at the end of each month. The account is only eligible to earn interest if it is open as of the interest crediting date, and any interest that may accrue on the account during a month that the account is closed prior to the interest crediting date will be paid to Pacific Premier Trust as an additional fee. The Custodial Cash Fee is charged as a percentage, as determined in the discretion of Pacific Premier Trust from time to time (the "Percentage"). The Custodial Cash Fee may reduce the amount of net interest paid to the Account Owner on a monthly basis to zero or a negligible amount. The Custodial Cash Fee is not charged against the principal balance of cash held by the Account Owner in the custodial account.

Pacific Premier Trust reserves the right to effect changes to this service schedule, including an increase in the maximum percentage that may be charged for Custodial Cash Fees, upon thirty (30) days prior written notice to the Account Owner, with the exception of the Custodial Cash Fee Percentage which may vary from time to time, and may be changed at any time without notice. Pacific Premier Trust may reduce or waive service charges without prior notice. See both the Uninvested Cash and Billing and Fee Collection sections of your Custodial Account Agreement for more information about service charges and the Custodial Cash Fee.

Service charges will continue to accrue and be payable as long as the account is open, even if the account contains no assets from which Pacific Premier Trust can collect amounts owed by the account owner.

Unfunded accounts and accounts with a zero value continue to incur administrative fees until the account is closed either by the Account Owner or by the Custodian upon resignation.

Accounts holding cash equal to the Full Account Closure cost fee or less and no other assets may be closed at Pacific Premier Trust's sole discretion, and the cash balance will be paid to Pacific Premier Trust in lieu of the Full Account Closure fee.

Pacific Premier Trust may charge the account owner and/or the custodial account, and shall be reimbursed by the account owner or the custodial account for any reasonable expense, incurred by Pacific Premier Trust in connection with any account services or activities that Pacific Premier Trust determines are necessary or advisable, or which are expressly directed by the Account Owner, and which are not included in the services provided by Pacific Premier Trust for its normal fees. See the Account Owner Agreement for more details.

All outstanding account service charges must be satisfied prior to the completion of an asset transfer out or an account closure.

Certain service charges in this service schedule may apply after notification of account closure. Examples include: research/special service charges, such as trailing dividends, check/wire service charges, and requests for copies of records. Service charges that remain unpaid after account closure will be subject to collections and payment according to the terms of the Account Owner Agreement.

### Services Charged by a Third Party Related to Investments May Apply

Apart from services charged by Pacific Premier Trust, there may be certain charges connected with the investment holdings in your account. These service charges may include, but are not limited to: foreign currency, recording, surrender, asset sponsor and reregistration.
