

Real Estate Annual Valuation Worksheet

IMPORTANT CHANGE TO VALUATION METHODS FOR RMD-AGE & INHERITED IRA ACCOUNT OWNERS

Effective January 1, 2020, the SECURE act has changed the age requirement for Account Owners to take their first RMD from 70 ½ to 72. This applies only to individuals reaching 72 after December 31, 2019. If you reached 70 ½ in 2019, valuations are still due to Pacific Premier Trust in a timely manner. Property valuations are now needed by Pacific Premier Trust beyond those available through online real estate networks.

For RMD age accounts and Inherited IRA accounts, Pacific Premier Trust is no longer able to accept property value estimates from online real estate networks (including Trulia or Realtor.com, among others) or market values supported by three comparable properties. Valuations for these account types should be obtained according to the options listed in the chart on the attached worksheet.
